M SERIES

Mixer with high mixing quality, fit for production of dry concretes for precast components.

Technical features

- High productivity seen reduced mixing times.
- Fixed tank with single or double star mixing with three arms that ensure total coverage of the bottom of the tank.
- Mixtures homogeneous and constant even in case of prolonged times of mixing.
- Empty the tank without residue.
- Internally coated tank with steel interchangeable panels.
- Mixing shovels in Ny-hard cast iron

Optional

- Internally coated tank with anti-wear steel interchangeable panels.
- Rubberized mixing shovels.
- Manual pump for emergency unloading
- Two, Three, Four unloading.
- Double speed skip down stroke
- High pressure automatic system tank cleaning.
- Systems for heating or cooling of the mixture
